

Food additives

Copper Gluconate 葡萄糖酸铜

Molecular Formula: $C_{12}H_{22}CaO_{14} \cdot H_2O$

Structural Formula:

Molecular weight: 453.84

CAS NO.: [527-09-3]

Characteristics: Light blue to blue green crystal or fine powder, odorless.

Uses: Copper takes part in the hematopoietic course. The product is a good copper-supply agent for the anemia due to hypocupremia, similar to iron-deficiency anemia. Copper is capable of improving the reproductive function and promoting growth. It is a good food fortifier.

Quality Standard: GB1903.8-2015、USP.

Package: PE bag lined cardboard drum (size:36x43), 25kg each.

Transportation&Storage: It is a non-dangerous product and can be transported as a common chemical product. Avoid insolation and rain. Keep in dry, clean and ventilating places. The shelf time is 2 years.

分子量: 453.84

CAS NO.: [527-09-3]

物理性质: 浅蓝色至蓝绿色结晶或细粉, 无臭, 极易溶于水, 极难溶于乙醇。

主要用途: 铜参与造血过程, 由低血糖引起的贫血, 与缺铁性贫血相似, 本品是良好的补铜剂, 同时铜能改善生殖机能, 促进生长发育, 是良好的食品强化剂。

质量标准: GB1903.8-2015、USP。

包装: 本品采用纸板桶 (尺寸:36x43cm), 包装, 内衬PE塑料袋, 每桶净含量25KG。

储存及运输: 本品为非危险品, 可按一般化学品运输, 防雨淋、日晒。应存放于干燥、通风、清洁良好的环境中, 储存期2年。
